

FREE Home Fire Safety Visit and FREE Smoke Alarm

Fire can happen to anyone.

But it is our job to help make sure your home is as safe from fire as it can be. This is why we provide free Home Fire Safety Visits. Our staff can help you spot a possible fire hazard, offer advice and guidance and fit smoke alarms free of charge if your home requires them.

A Home Fire Safety Visit only takes around 20 minutes. And that 20 minutes might just save your life.

Visits are easy to arrange.

A Home Fire Safety Visit can be organised at a time that suits you, day or night.

The Service would also like community members to think about anyone they know who could be at risk from fire. It could be a friend, relative, or neighbour.

To book a free Home Fire Safety Visit for you, or for someone you know:

CALL 0800 0731 999

or visit **www.firescotland.gov.uk**

Fact.

**Every hour of every day there's
a house fire in Scotland.**

Always ask for official identification - all employees of the Scottish Fire and Rescue Service will be happy to produce this on request.

Further Information

Visit **www.firescotland.gov.uk** for practical fire safety advice, or talk to your local firefighters at your nearest community fire station. You will find contact details on our website, in your local library and in the phone book.

If you would like this document in another format or language, please call **0800 0731 999**.

SCOTTISH
FIRE AND RESCUE SERVICE

Working together for a safer Scotland

Draft version 0.1 (SDA West) December 2013

Avoiding Fires in your Close

Advice from the
Scottish Fire and Rescue Service

**If there was a fire in your
close, would you know
what to do? Be stair aware!**

SCOTTISH
FIRE AND RESCUE SERVICE
Working together for a safer Scotland

The close is your only means of escape in the event of a fire.

Have you ever thought what you would do if fire were to break out in your close? It may not necessarily be in your flat!

A fire started in a common close could kill you and your family. Even a small bag of rubbish can create enough smoke to fill a whole close. Items left in a common close are often deliberately set on fire.

Keep it clear

- Get rubbish, old furniture, etc. out of the building.
- Make sure storage areas are kept locked.
- For advice on uplifting items contact your local Council.

If fire does start

- Keep doors closed to prevent smoke filling your house.
- Dial 999 and ask for the Fire and Rescue Service, giving as much information as you can.

SCOTTISH
FIRE AND RESCUE SERVICE

Working together for a safer Scotland

Action Plan

Only make your way outside if you are sure you can safely leave the building. Otherwise you should stay inside your flat and:

- Do not open the door. Hot smoke rises and will rapidly enter any open door.
- If possible, get everyone together in the same room, preferably to the front of the building, closing all doors behind you.
- All occupants should remain together in this room. If you can, open a window.

When the Fire Service arrive, let them know how many people are in your flat, and if you are safe. This will greatly assist them in dealing with the incident.

- If required, position wet towels to prevent smoke entering through any gaps in the door frame.
- You will be advised when the Fire Service has extinguished the fire and cleared smoke from the common stair.
